Your host:

Ken Ham
(in person)

Hello, I'm Ken Ham, president of Answers *in Genesis*. AiG is an apologetics ministry that God is using to help thousands of churches and ministries uphold the authority of the Bible from its very first verse.

America is becoming less Christian every day. Why? On Tuesday, March 27, 2007 I'd like to meet with you and another key leader from your ministry for a complimentary meal to answer this vital question.

We'll also give you and other leaders a special preview of what we believe our upcoming family conference in your area can do for you, your ministry and the nation.

The enclosed DVD explains more about the Bible-upholding ministry of AiG. Please watch it, for it reveals how our future conference may be able to help you revitalize and transform your ministry to reach our culture.

I'm looking forward to seeing you March 27!

An inspiring message by Ken Ham, and a complimentary, catered lunch.
